

Ministry Partners

Opening the Door to Greater Generosity in Our Region

Many families want to make a kingdom impact and support organizations they believe in. But, 90% of their business and personal wealth is locked up in non-cash assets. So, when a nonprofit makes a request for a gift, they are asking the donor to make a gift out of cash reserves, not the bulk of their giving capacity.

What if there was a way for these families to support your nonprofit through these non-cash assets?

Through a Ministry Partnership with the Ten Talents Foundation, there is. Our Ministry Partner Program helps teach and train your nonprofit staff and leadership. Through resources like; coaching, workshops, focused emails, and print media, we empower your nonprofit staff and leaders to grow your donor base.

Through our Ministry Partnership you will:

- Identify existing and new donors who have the capacity to give at a greater level
- Develop deeper donor relationships
- Establish a Ministry Fund for your organization, allowing you to receive non-cash assets and anonymous gifts to distribute back to your organization

We believe there is no greater time to invest in a Movement of Generosity for Greater Kingdom Impact than now.

If you are ready to work together to drive generosity and unlock the doors to the other 90% of owned assets, here are the requirements...

Partnership with the Ten Talents Foundation includes:

- Ongoing relationship building with generous individuals and families regionally.
- 2 Workshops - Organizational Health Check and Coaching in Non-Cash Giving
- Print and media collateral needed for Asset Based Giving (including print, web, and social media)
- As needed, an account or fund for receiving bequests, gifts of cash, crops etc., is held at TTF with organization-specific naming rights.
- Ministry Partner Recognition within the TTF Annual Report
